

HIGHRISE MASTERMIND

Participating in our mastermind groups is like having a board of directors, peer advisory, and business mentoring group all in one. Members come together to help each other explore new ideas, evaluate potential opportunities, develop strategic initiatives, and overcome business challenges. Oftentimes, they develop long-lasting, supportive relationships and contribute much of their business success to being a part of their mastermind group.

GROUP MEETINGS

Our mastermind groups gather in a structured mastermind setting 12 times per year. Typically, we have 4 live and 8 virtual meetings.

IN-DEPTH DISCUSSIONS

We are focused on fostering dynamic interactions that lead to better results. Each meeting will include a minimum of three spotlights. This is where Members present a specific issue or opportunity they would like to discuss and get unbiased feedback.

SKILLED MODERATORS

Meetings utilize a structured mastermind format and highly skilled moderators to stay on track and maximize impact. Group moderators are Highrise employees trained to limit disruptions and focus on gaining results for each Member at every mastermind meeting.

SMALL-GROUP SIZE

Positive results come from sharing your input, ideas, and challenges on a frequent basis. This requires developing an intimate, confidential setting with a limited number of Members. We hand select 15 Members from diverse industries to carefully curate each group.

CURATED GROUPS

You are only as strong as the people who surround you. Highrise Mastermind thoroughly vets our Members and carefully curates each group from diverse industries. Our goal is to create an environment where you can share your business needs, exchange breakthrough ideas, and develop long-lasting relationships.
